

GS RANGE
ACCESSORIES

Distinctive, elegant and dynamic. The Lexus GS engages visually and physically like no other car.

At its heart lies a design philosophy where the concepts of leading edge and finesse are finely balanced. Advanced technologies make the driving experience equally captivating and luxurious; while Lexus refinement ensures that every detail is tailored to the car user's needs.

Genuine Lexus accessories extend that philosophy. Each item in the range has been conceived solely for Lexus cars and Lexus drivers. Installation is easy, integration is perfect and you have the absolute assurance of quality, reliability and performance.

The GS epitomises a new way of thinking. Add Lexus accessories and the interaction between you, your car and the way you choose to live becomes even more personal.

Transport and Storage	14
Safety and Protection	18

A

Lexus alloy wheels are precision engineered to optimise balance, low weight and strength.

A. L18, 18" ALLOY WHEELS

Sports power and performance were the inspiration for the L18's multi-spoke format.

B. L10, 18" ALLOY WHEELS

A classic 10 spoke design. The clean smooth lines of the L10 are unmistakably Lexus.

C. WINTER WHEELS

Contemporary Lexus styling in an alloy wheel especially engineered for winter tyres.

D. WHEEL LOCKS

With their rounded profile and unique coded key, Lexus hardened steel wheel locks are virtually impossible to remove with a conventional spanner.

DESIGN

FULL BODY KIT

The look is strong and purposeful. Front, side and rear skirts combine with a rear spoiler and distinctive 18" alloy wheels to add a powerful sports dynamic to your GS.

DESIGN

A. FRONT SKIRT

A sports inspired front skirt adds a distinctive yet subtle sense of power to your car's front-end styling.

B. SIDE SKIRTS

Side skirts reduce the perception of road to car height and so enhance the look of high performance.

C. REAR SPOILER

Sculptural in appearance, the rear spoiler integrates seamlessly with the GS's smooth visual contours.

D. REAR SKIRT

The rear skirt design co-ordinates perfectly with the front and side skirts to build a complete picture of sports aerodynamics.

E. EXHAUST PIPE FINISHER

Made of chromed stainless steel to present that final eye-catching detail of quality and refinement.

HIGH TECH

PREMIUM IN-CAR ENTERTAINMENT

Travel becomes even more pleasurable with the premium in-car entertainment system. Its immaculately styled seat-back DVD units, with 8" high definition screens, support virtually all disc formats, including DivX and games consoles. The unit is DVBT ready.

USB AND SD COMPATIBILITY

Separate slots for a USB memory stick and an SD card enable you to view media ranging from downloaded movies to family photographs.

INFRARED HEADPHONES

To conserve battery life, the wireless headphones automatically switch off when removed from the user's head.

REMOTE CONTROL

Touch sensitive buttons on the units are complemented by a remote control for finger-tip convenience.

HIGH TECH

A. IPOD® INTEGRATION KIT

Integrated technology lets you play your iPod® through the GS's superb sound system. Steering wheel switches ensure easy operation, and it will recharge your iPod® as you drive.

B. HOMELINK®

HomeLink® lets you operate up to three home automation systems using a control unit permanently mounted within your car. For instance, it can be programmed to activate your security lighting and open or shut your drive gates and garage doors.

C. BLUETOOTH® COMPLEMENTARY KIT

Safe, easy, well-organised telecommunications are at the heart of the Lexus Bluetooth® complementary kit.

Steering wheel mounted switches and connectivity through your car's on-board navigation system provide the convenience of hands-free capabilities. In turn, the cable-less cradle not only keeps your phone secure but also recharges the battery as you drive. Plus, there's a discreet external antenna to enhance reception and help minimise the effects of electro-magnetic interference.

Importantly you can take the cradle and your phone* to use in another car fitted with the same system. Similarly, if you change your phone, all you need do is change the cradle and not the whole kit.

* Contact your local Lexus Retailer for details of phone compatibility.

TRANSPORT AND STORAGE

A. VERTICAL CARGO NET

Practical simplicity. The vertical cargo net clips neatly on to pre-fitted hooks in the boot to hold your smaller possessions firmly in place.

B. HORIZONTAL CARGO NET

Eliminate the distraction of things sliding around in the boot. The horizontal cargo net is ideal for a briefcase, a shoulder bag and many other personal belongings.

C. DETACHABLE TOWING HITCH

With so much power under the GS bonnet you have plenty to spare for towing. A jet-ski or sports trailer perhaps? You can do it with the Lexus detachable towing hitch*. It gives you up to 2,000 kg towing capacity and comes complete with a dedicated wiring kit.

D. REAR BUMPER PROTECTION FILM

Transparent self-adhesive film to protect bumper paintwork against scratching when loading or unloading the boot.

E. REAR BICYCLE HOLDER

With Lexus you can satisfy both your passion for driving and the healthy pleasure of cycling. The rear bicycle holder secures to the detachable towing hitch and will carry up to three bicycles when fitted with an optional extension. A separate number plate and lamp kit ensures clear communication with other road users.

* An engine cooling kit must be installed when using the towing hitch.

A

B

TRANSPORT AND STORAGE

A. SURFBOARD / MAST HOLDERS

The very clever design of the Lexus holders gives you flexibility to securely grip the awkward shape of a surfboard or windsurfboard and mast.

B. SKI HOLDERS

You have two sizes to choose from. The small ski holders will hold four pairs of skis or two snowboards, and the large size will hold six pairs of skis or four snowboards. Both designs are lockable and made of lightweight aluminium.

C. ROOF RACK

The Lexus roof rack gives you enormous flexibility for exploring life's leisure potential. Its lockable lightweight aluminium design is quick to install and can be combined with a wide range of specialised attachments.

D. LUGGAGE BOX

The streamlined yet high capacity Lexus luggage box is ideal for touring holidays. It features interior straps, the convenience of passenger side opening, and has the added security of central locking.

E. SKI BOX

A smooth aerodynamic profile disguises the big dimensions and flexible carrying capacity of the Lexus ski box. Central locking and passenger side opening enhance security and ease of use.

F. BARRACUDA BICYCLE HOLDER

Transporting a bicycle is made easy by the Barracuda. It has a unique anti-theft system and moulded profiles that grip the bicycle wheels firmly.

SAFETY AND PROTECTION

A. BABYSAFE

Assured comfort and care for babies aged up to around 15 months (to 13 kg). The Babysafe's design increases side impact protection, and there's an adjustable canopy to guard against the sun and wind.

B. DUO PLUS (ISOfix)

Especially for children aged between eight months and four years (approximately 9 to 18 kg). The Duo Plus anchors directly to the rear seat ISOfix bars while attaching with a top tether for added stability. Ergonomic cushioning and an integral seat belt maximise comfort and security.

C. KID

The Kid restraint seat is for children of between three and 12 years (approximately 15 to 36 kg). It has an adjustable headrest to keep pace as your child grows and is designed to ensure correct seat belt positioning and optimum impact protection.

A

SAFETY AND PROTECTION

A. BLACK TEXTILE FLOOR MATS

Easy to clean, practical and very stylish; Lexus velour floor mats provide tough protection against the ins and outs of a busy life. Special fixings on the underside hold them securely in place. Also available in grey and ivory.

B. TRUNK LINER

Assured protection for your boot carpet. Outdoor clothing, riding boots even wet and muddy sports equipment can be accommodated without risk. The liner has a special anti-slip surface that helps stop your possessions moving around.

C. GREY TEXTILE FLOOR MATS

Set of four grey velour floor mats to colour co-ordinate with your car's original interior.

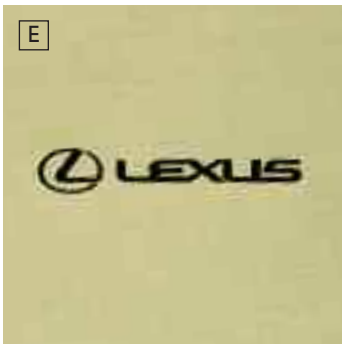

D. RUBBER FLOOR MATS

For the ultimate protection against the worst conditions that you or your passengers dare to tread inside. Each of the four mats is tailored for a perfect non-slip fit.

E. IVORY TEXTILE FLOOR MATS

Set of four ivory velour floor mats to colour co-ordinate with your car's original interior.

F. FOOT REST

That final detail for rear seat passenger comfort. The adjustable height and soft velour covering combine to make the Lexus foot rest an ideal accompaniment for any journey.

SAFETY AND PROTECTION

A. FIRE EXTINGUISHER

It makes sense to have a fire extinguisher with you. Dealing quickly and effectively with a smouldering ember stops it becoming an inferno.

B. WARNING TRIANGLE

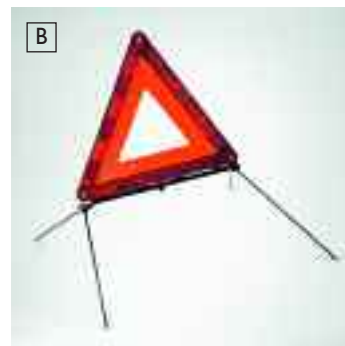

Who knows what lies around the next corner? Carrying a warning triangle is good preparation for the unexpected.

C. FIRST AID KIT

The Lexus first aid kit contains everything you need to treat those little cuts and scrapes that can so easily happen.

D. REFLECTING JACKET

See and be seen is a golden rule of personal safety. You'll certainly stand out when wearing a Lexus reflecting jacket.
