INTRINSIC VALUE

Until the RX, the idea of a sports utility vehicle with the performance, refinement and ride of a luxury sedan was just that - an idea. Lexus took the concept and made it a reality. The original RX crossover was a fundamentally different approach to living with a car.

Today's new generation RX continues that pioneering vision. It is a unique synthesis of intriguing design and breakthrough technologies. The RX personifies automotive sophistication.

Genuine Lexus accessories develop the proposition even further. They add those extra touches of style, practicality and technical innovation that extend the parameters of RX personal interaction. Each accessory has been conceived not only for its function, but also for its form and intrinsic value to a chosen way of life.

DESIGN

A. 18" ALLOY WHEELS, L21

A classic Lexus five spoke design emphasising the RX's commanding road presence.

B. WHEEL LOCKS

Replacing one nut on each wheel with a Lexus wheel lock maximises alloy wheel security.

TECHNOLOGY ENHANCEMENTS

A. BLUETOOTH® COMPLEMENTARY KIT

Added convenience when using a Bluetooth® phone*. A discreet external antenna enhances reception and there's a cable-less cradle to secure the phone and charge its battery. Conveniently, the cradle can be used in other cars fitted with the same system.

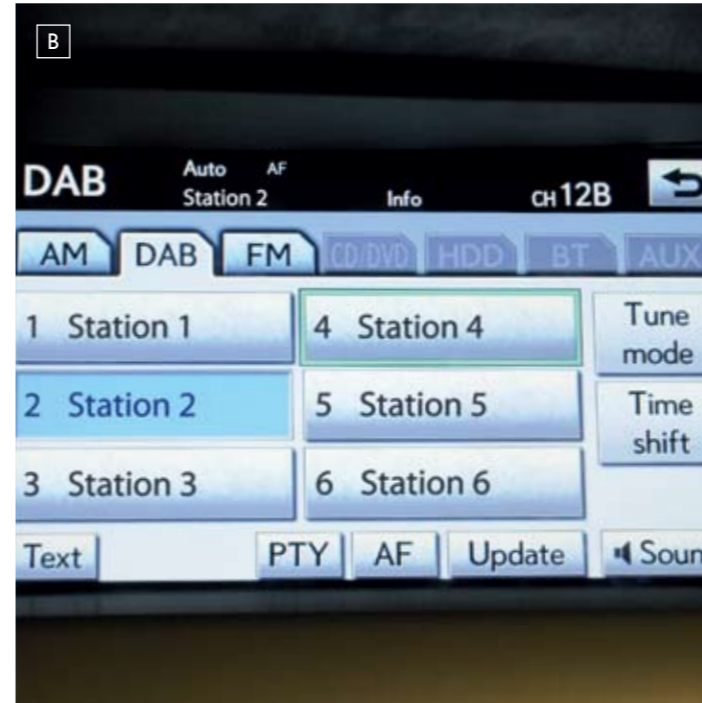

B. DAB

Upgrades the integrated tuner within the RX's navigation system to receive digital audio broadcasting. Operation is via clearly defined touch-screen controls.

C. HOMELINK®

HomeLink will operate up to three home automation systems from a control unit permanently mounted within the RX. For instance, it can be programmed to activate security lighting and open or shut drive gates and garage doors. Available in a choice of colours co-ordinated to the RX's interior.

* Contact your Lexus Retailer for details of phone compatibility.

TRANSPORT AND STORAGE

A. ROOF RACK

The lockable lightweight aluminium roof rack is easy to install and use. It combines with a wide range of specialised optional attachments to create flexibility for exploring life's leisure potential.

B. ROOF RAILS

Permanently fixed roof rails add convenience if there is a regular need for roof-top transportation. The rails can be fitted with cross bars for attaching Lexus specialised carrying attachments.

C. CROSS BARS

The lockable aluminium cross bars are custom designed for use with Lexus roof rails. As with the roof rack, the bars combine with the Lexus range of optional specialised carrying attachments.

D. SKI HOLDERS

A choice of two ski holders offers maximum flexibility for the winter sports season. The small holders secure four pairs of skis or two snowboards, and the large holders secure six pairs of skis or four snowboards. Both are height adjustable, lockable and made of lightweight aluminium.

E. SKI BOX - LUXURY

Stylish exterior design details and tailored interior fittings complement the versatile carrying capacity of the Lexus ski box. Features include central locking and passenger side opening.

F. LUGGAGE BOX

The high capacity yet streamlined design is perfect for touring holidays. Interior straps hold the contents neatly in place. Central locking and passenger side opening enhance security and convenience.

G. CANOE HOLDER

An ingenious lockable design incorporating tough adjustable straps. Ideal for safely transporting a kayak type boat.

TRANSPORT AND STORAGE

A. BARRACUDA BICYCLE HOLDER

The Barracuda features a unique anti-theft lock system to protect both the holder and bicycle. It has a moulded retainer to securely grip a bicycle's wheels and is available in left and right side versions.

B. DETACHABLE TOWING HITCH

The removable towing arm makes this the perfect system for an occasional towing need. It has a towing capacity of up to 7 kg and is supplied with a dedicated wiring kit.

C. HORIZONTAL CARGO NET

Luggage sliding around in the trunk can be a distraction. The horizontal cargo net provides a time-proven solution.

D. VERTICAL CARGO NET

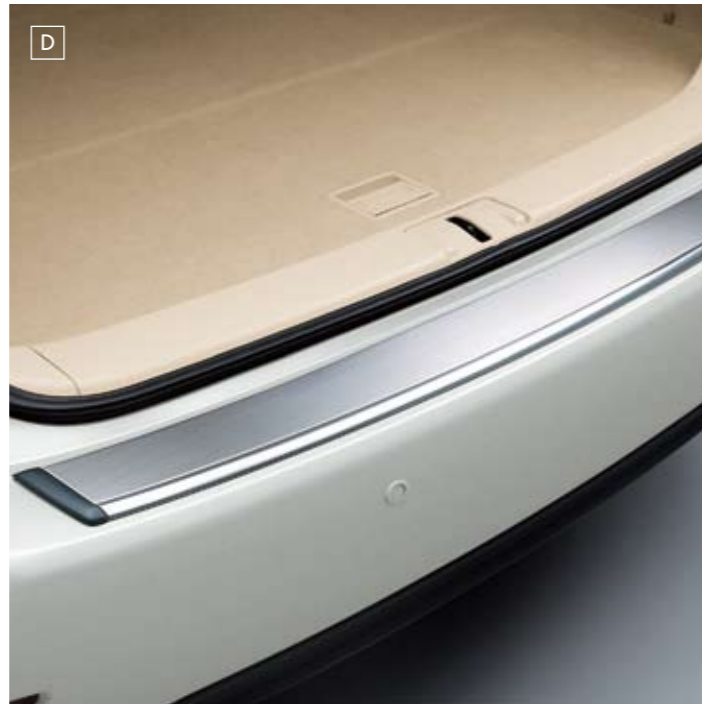

So simple in concept and yet so reassuringly practical. The vertical cargo net clips neatly onto pre-fitted hooks in the trunk to hold small items firmly in place.

E. COOL BOX

The convenient way to keep travel refreshments either hot or chilled. It straps securely to the trunk floor and plugs into the RX's 12V accessory socket.

SAFETY PROTECTION

A. FRONT UNDERRUN

Extra protection against stone chips for the under engine compartment. Finished in mat black and brushed aluminium.

B. REAR UNDERRUN

Purpose designed to shield the RX's rear underside and bumper. Presented with a brushed aluminium finish.

C. WIND DEFLECTORS

Aerodynamically shaped to reduce cabin wind turbulence and noise when driving with the windows open.

D. REAR CHROME GARNISH

The design is subtle, yet the appearance speaks volumes about style and personality.

ROBUST PRACTICALITIES

A. REAR BUMPER PROTECTION FILM

Dependable protection against minor paintwork scuffs and scratches. The transparent yet tough self-adhesive film is custom shaped to fit the contours of the RX's rear bumper.

B. REAR BUMPER PROTECTION PLATE

The ultimate high strength guard for rear bumper paintwork when sliding heavier loads in or out of the RX's trunk.

C. DOG GUARD

Clipping neatly into place, the floor to ceiling dog guard creates a private travelling space while preventing access to the passenger area.

D. CARGO LINER

Designed for extreme protection, particularly against mud and spilled liquids. The cargo liner is made of ultra-tough 4 mm rubber and has deep raised edges and a non-slip surface.

E. TRUNK LINER

With its non-slip surface pattern and lip around the edge, the rubber trunk liner is perfect for protecting carpets against mud and dirt.

DAY TO DAY CONSIDERATIONS

A. TRUNK MAT
Hard wearing textile mat offering dependable protection for carpets against the rigours of daily use.

B. FLOOR MATS - TEXTILE
Easy to clean, practical and stylish. Lexus textile floor mats are available in either velour or needle felt and in a range of colours. A special floor fixation holds them firmly in place.

C. RUBBER FLOOR MATS
For the ultimate protection against the very worst conditions. The set includes two front and two rear mats, with each tailored for a perfect non-slip fit.

REASSURINGLY SAFE

A. BABYSAFE ISO FIX RESTRAINT SEAT
Assured comfort and side impact protection for babies aged up to around 15 months (to 13 kg). Special features include an adjustable canopy to guard against the sun and wind.

B. DUO PLUS ISO FIX RESTRAINT SEAT
Dependable protection for children aged between eight months and four years (approximately 9 to 18 kg). Ergonomic cushioning and an integral seat belt maximise comfort and security.

C. KID ISO FIX RESTRAINT SEAT
For children of between three and 12 years (approximately 15 to 36 kg). A booster seat and adjustable head rest add flexibility for a growing child.

LEXUS ISO FIX
For maximum safety, all Lexus ISO fix child restraint seats have a simple push-click operation to lock into the RX's rear ISO fix bars and so anchor directly to the car body. The Duo Plus also has an integral top tether to increase stability.

CAR CARE AND SAFETY

A. FIRE EXTINGUISHER

It makes sense to have a fire extinguisher with you. Dealing quickly and effectively with a smouldering ember stops it becoming an inferno.

B. WARNING TRIANGLE

Who knows what lies around the next corner? Carrying a warning triangle is good preparation for the unexpected.

C. FIRST AID KIT

The Lexus first aid kit contains everything you need to treat those little cuts and scrapes that can so easily happen.

D. REFLECTING JACKET

See and be seen is a golden rule of personal safety. You will certainly stand out when wearing a Lexus reflecting jacket.
